

The Boss of The Ranch Must Be A Man of Blood and Iron—The Kind of Man Nuxated Iron Helps Make By Building Red Blood Strength and Endurance

Hardened by the rigors of life on the plains, living for days in his saddle, his strength, courage and endurance put a thousand times to the most severe tests, the Boss of the Range daily proves himself every inch a man—a man of blood and iron. He has won his spurs by countless daring feats, perfect calmness in the face of danger, tireless energy and alertness, untold deeds of action, force and power. When you see him with his men on the range you know he's boss and what he says goes. But the rugged, outdoor life of the ranchman which helps to keep his blood rich in strength-giving iron is denied many a man whose indoor existence, his hard work and worries sap his energies and rob the iron from his blood. It is such men who need the sustaining health-building help of organic iron—Nuxated Iron—to increase the oxygen-carrying power of their blood and thereby aid in restoring wasted tissue, strengthening their nerves and giving greater power and endurance. Nuxated Iron is now used by over three million people annually as a tonic, strength and blood-builder.

There are countless numbers of men today who at 40 are broken in health and steadily going downward to physical and mental decay simply because they are allowing worry, overwork, nervous strain, dissipation and occasional poisons to sap the iron from their blood and destroy its power to change food into living tissue, muscle and brain," says Dr. John J. Van Horne, funder Medical Inspector and Clinical Physician on the Board of Health of New York City. "Yes, there are thousands of such men who undergo a most remarkable transformation the moment they get plenty of the right kind of iron into their blood to give increased energy and endurance. Their imaginations are forgotten, they gain physical power and fitness, mental alertness and greater power to combat obstacles and with-

stand severe strains. To help build stronger, healthier men and women, better able physically to meet the problems of everyday life, I believe that physicians should, at every opportunity prescribe organic iron—Nuxated Iron—for in my experience it is one of the best tonic and red blood builders known to medical science."

three times per day, after meals, for two weeks. Then test your strength again and see for yourself how much you have gained. Many an athlete or prize-fighter has won the day simply because he knew the secret of great strength and endurance, which comes from having plenty of iron in the blood, while many another has gone down to ignominious defeat simply for lack of iron.

Tricolours		Moontons (Gray)
Velour and Velour Checks		
Brocade		

Priced from \$39.50 to \$135.00

What Are the New Fall Coats Like?

is a question that is in the minds of many women just now—even if they have no intention of getting a coat at the present moment. Well, here is what they're like: Huge collars shirred at the neck so they hug the head closely when fastened high, and when left unfastened reach nearly to the waist. Full length coats are with us again for fall and winter. Wraps are exceedingly good—wide at the hips and tapering gradually to the ankles. The sleeves are all in one with the rest of the garment. Linings are startling in many cases. Materials are of the soft rich variety—bolivias, silvertones, velours. Prices are from \$22.50 to \$189.00.

SECOND FLOOR

Autumn Dresses Are Now Ready to Make Their Debut

The first fashions of a new season are always possessed of a thrill, and today is not so far away from Autumn that we should keep the newest fashions in hiding. Priced from \$16.50 to \$50.00.

HE WILL BE ROUGH

Governor Cox Declares Campaign Is No "Tea Fight."

Claims Republicans Already "Squealing" Under His Blows.

HE WELCOMES ALL HECKLERS

Democratic Nominee Answers All Questions on Speeches.

To Be in Montana on Western Swing Tomorrow.

BY HERBERT W. WALKER.

Aboard Governor Cox's Train En Route to Grand Forks, N. D., Sept. 7.

This was "North Dakota day" on Governor James W. Cox's tour to "conquer the west." With his fighting spirit apparently increasing as he moved further west, the governor was scheduled to make three speeches at Grand Forks, Devils Lake, and Minnetonka.

Noting an editorial saying his campaign was getting too rough, Cox told Minnetonka crowds last night that the Republicans have started "squealing" under his attack.

Wants To Be Rough. "This fight will not be a pink tea affair or a pillow fight, and I intend to make things much warmer during the last month of the campaign," he said. "They did not hesitate to jump on a sick man when he was down," Cox added, referring to the president.

The governor in this section of the northwest is stressing the League of Nations, progressive movement, and his charge that Republicans are seeking a huge "slush fund" for lack of money.

Cox was closely watching the re-appointment of the senate campaign expenditures committee in Chicago today and charged the Republicans put several hundred paid "money diggers" into the field, including fifty traveling representatives.

Welcomes All Hecklers. An unusual feature of the governor's stump campaign is that he apparently welcomes hecklers, the fear of many speakers.

In response to a heckler last night, the candidate declared for self determination, saying it was one of the main principles of the League of Nations. A speech at Grand Forks at 8:30 p. m. morning was to open the governor's day. He was to stop there thirty minutes and to make a twenty minute talk at noon at Devils Lake.

A night speech was on the schedule for Minnetonka, after which Cox will leave for an invasion of Montana.

DEDICATE NEW CHURCH. Garden City Christian Congregation Now Has \$50,000 Modern Structure.

Garden City, Kan., Sept. 7.—The new \$50,000 Christian church of this city was dedicated Sunday with appropriate services, morning, afternoon and evening.

The church was built to replace one destroyed by fire last winter and is one of the handsomest, most convenient, up-to-date modern churches in western Kansas. It is supplied with basement, kitchen, dining room, toilets, class rooms and large auditorium.

At the afternoon memorial services Hon. Henry W. Mason of the supreme court, gave an interesting talk on "The Old Ways and the Old Days."

The Rev. A. C. McKeever, one of the early pastors of the church, gave an interesting history of the church which was organized in 1884 with sixteen charter members. Mrs. Sarah J. Holmes is the only charter member of the church living in Garden City at present.

This was the first church to be organized in Garden City and the first meeting place was the left of the "Red Lion" livery stable.

When Oklahoma was opened to homesteaders, two hundred of the two hundred and thirty members of the church went to the new territory and many of them helped organize churches in the new territory. The Rev. Geo. L. Snively preached the dedication sermon.

HAVE FULL CONFESSIONS NOW. Plot to Wreck "Diamond Special" and Terrorize Farmers to Grand Jury.

Springfield, Ill., Sept. 7.—Detailed confessions of a plot to wreck the "Diamond Special" of the Illinois Central, kill and wreck survivors and murder farmers and terrorize them to give an alarm, have been obtained from eleven of twenty alleged Communists arrested Sunday night in connection with the alleged plot, officials claimed today.

The alleged confessions implicate members of the other Communist groups C. H. Paul, Chicago, inspector of the immigration department, claimed.

Evidence against those under arrest was submitted to a federal and a state grand jury and copies of the alleged confessions will be forwarded Secretary of State Coby, officials said today.

Kansas City—J. P. O'Connor shot David Hoffman, 44, in the foot when the boy let air out of a tire by pressing his foot on the valve.

MOTHER!

"California Syrup of Figs" Child's Best Laxative

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless physic for the little stomach, liver and bowels. Children love its fruity taste. Full directions on each bottle. You must say "California."

MEET DEATH UNDER NIAGARA

Three Killed and Several Hurt in "Cave of the Winds."

Niagara Falls, N. Y., Sept. 7.—Two women and a man were crushed to death and two men were injured yesterday afternoon when a slide of shale forced out a bridge leading to one of the stairways in the Cave of the Winds, under Niagara Falls. A hundred of more tourists, who were in the cave at the time, had narrow escapes, many being bruised and cut by the falling rock.

The dead are: A. Hartman, Brooklyn; his wife, Louise Hartman, and Clara M. Faust of Pittsburgh.

The injured are: T. W. Lee of Pittsburgh and Frank E. Haebling of Detroit.

The dead and injured were members of a party of tourists just completing a tour of the cave. With a guide leading, the party was in the middle of one of the four bridges in the cave, when the slide came, its noise drowned by the roar of the cataract. The guide was not touched by the slide and his first intimation of the disaster was the screams of the women in the party.

To recover the bodies of the dead, it was necessary to take a row boat from the Maid of the Mist steamer, which had been run up as near as possible to the falls and cave. It was a hazardous venture but the row boat crew finally brought the bodies out of the pool and remained the steamer.

The accident is the first of its kind that has occurred in the cave since the first stairway was built in 1884. There have been slides before but only in the winter and early springs.

NOW FACING COURT MARTIAL. Texas Guard Colonel Tried to Have Houston Editor.

Galveston, Tex., Sept. 7.—Col. Billie Mayfield, relieved as provost marshal of the Galveston military zone following the incident, was to face a general court-martial here today at 10 o'clock this afternoon in connection with the attempted "arrest" of G. V. Sanders, editor of the Houston Press, at Houston a week ago Monday night.

Lieut. J. A. Dempsey, Julius R. Smith and R. E. Abbott declared to have tried to whisk Sanders away from the Houston club while holding a warrant issued by Mayfield, had been released today as the result of Mayfield's statement assuming full responsibility for the affair. The subordinates were released on recommendation of Lieut. Col. J. E. Jones, judge advocate general.

Mayfield in his statement assuming responsibility for the "abduction" of Sanders, declared he ordered the editor's arrest as "he would have ordered the arrest of any other Bolshevik."

Sgt. Gen. J. F. Walters, commanding the military zone, previously ordered the arrest of Sanders if he was caught inside Galveston because of the newspaper man's articles in opposition to military law as a remedy for alleged waterfront strike conditions.

TO HALT THEFTS OF BONDS. Ten Thousand Bond Messengers and Clerks To Be Card Indexed.

New York, Sept. 7.—The ten thousand bond messengers, clerks and other employees in the financial district are to be card indexed in order to reduce the chances of additional bond thefts, it was announced today by the association of stock exchange firms.

Within the past two years securities and cash estimated at \$3,000,000 have been absconded by dishonest messengers. It was said the card indexing will tabulate the character, personal habits and associates of all messengers and is designed not only for the apprehension of the guilty but for the protection of trustworthy messengers.

COMPLIMENTS HIS CAPTOR. Topeka Pastor "Stepped on Her" at Lawrence—Was Arrested.

Lawrence, Kan., Sept. 7.—In an effort to be his church Sunday morning in time to conduct the services, Rev. Mark Mohler, of Topeka, pastor of the Unitarian church, stepped heavily upon the gas and shortly afterward heard the whistle of Lieut. John Perkins, motorcycle officer. The pastor put up in a vain effort to escape in police court. He complimented Lieutenant Perkins on his attention to duty.

At the Orpheum. There are some who do and some who don't like Robert Louis Stevenson as an author. Like many there will be some who do and some who do not like "The White Circle."

This story does not add to the "Treasure Island" but for those who like their Stevenson, "The White Circle" will be good.

Unlike most of the adaptations of noted authors, the story is not merely fitted to the actors, but is carried onto the screen almost entire. The atmosphere of mystery and suspense is well maintained throughout. Some of the photography is excellent. As a screen story, however, it is not all that could be asked and at times seems to lack continuity.

It is a long program for the first half and the story is not merely fitted to the actors, but is carried onto the screen almost entire. The atmosphere of mystery and suspense is well maintained throughout. Some of the photography is excellent. As a screen story, however, it is not all that could be asked and at times seems to lack continuity.

At the Novelty. The Labor Day throng which filled the Novelty yesterday afternoon labored hard to get the amusement it had paid for. If there had not been some children present who like the clanging of the acrobat in the first act, there would have been an absolute silence during the whole performance.

Standing out from the rest, not because of their excellence, but because they failed to have any success at all, was the Harr and Walsh partnership. The boys cannot sing. They cannot dance. They had the look of the fat one who tried a solo could not harmonize with himself because neither could find the key. Probably the best act of the bill was Duval and Woodward, but that is being said fairly well by the really great act.

San Antonio, Tex.—Fifty dollars walked up to Patrolman Rankin last night. "I'm a navy deserter," said a young man to the officer. He was a deserter. Rankin is expecting the fifty any day.

Courtesy, co-operation, knowledge based on many years of experience; these are the things you find here; expressed in unusual values; with satisfaction guaranteed, or money cheerfully refunded.
